

--	--	--	--	--	--

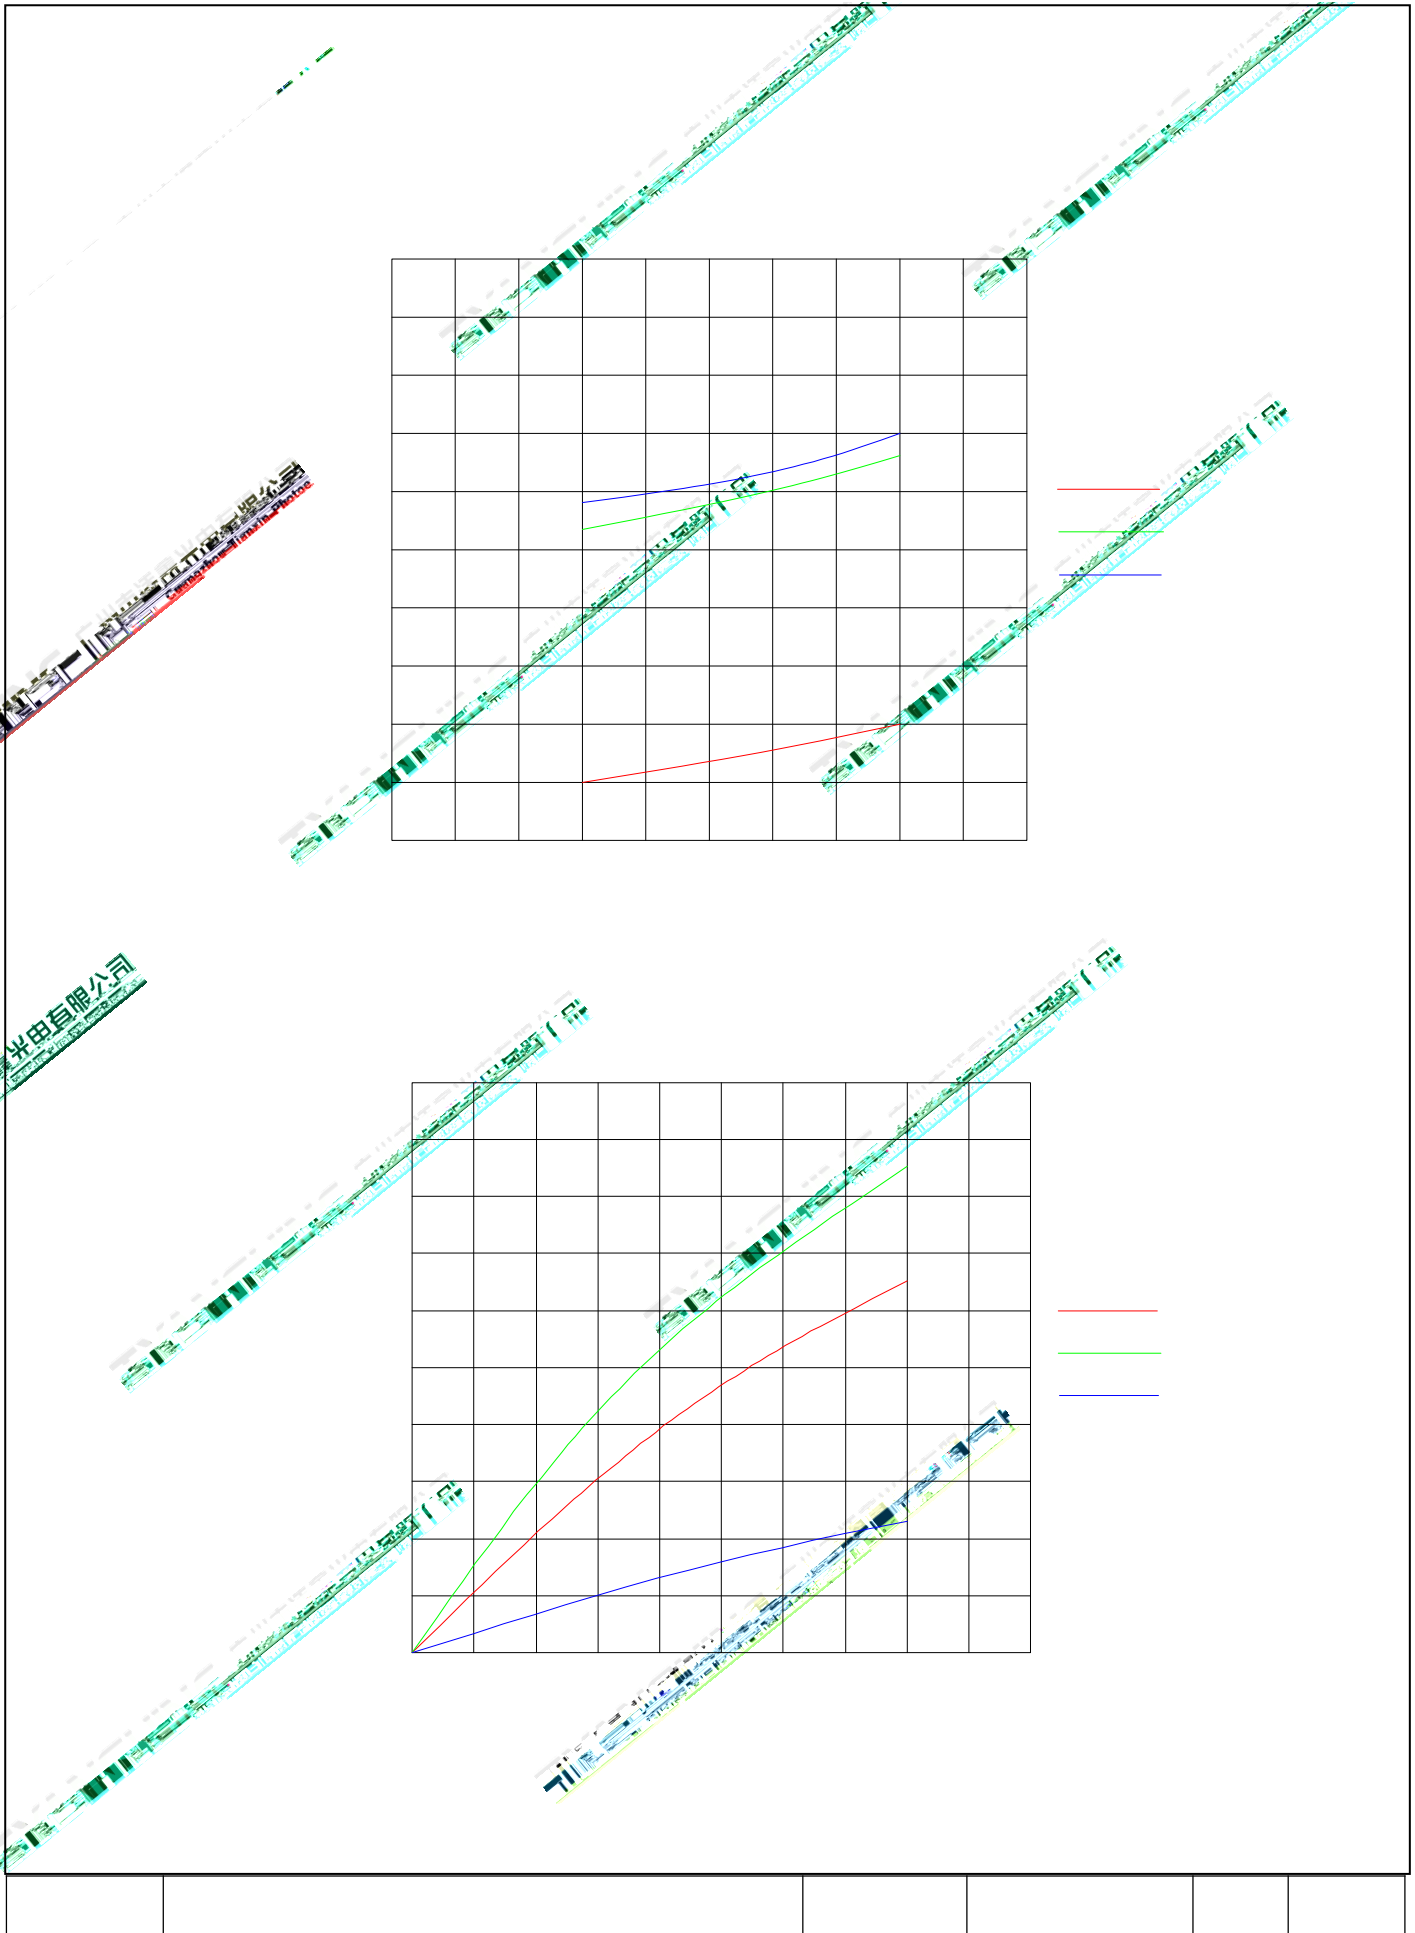

Main content area containing multiple PCB layout images of electronic components.			

A large grid with a header row and a footer row. The grid contains several diagonal lines and colored patterns. The patterns include green lines with white dots, red lines with white dots, blue lines with white dots, and yellow lines with white dots. The grid is divided into 8 columns and 12 rows. The header row is shaded grey. The footer row is also shaded grey.
